Get

bott cubio – a robust professional storage system, featuring workbenches, drawer cabinets, cupboards and maintenance trolleys. Available in a wide range of sizes, with a choice of mobile and static options, cubio promotes organisation and efficiency in the workshop.

Organised

A unique feature of the systainer³ storage case is that its integrated storage rails make it compatible with both cubio workshop and bott vario3 in-vehicle storage equipment. The most important tools and equipment are always to hand, neatly organised and easily accessible.

bott - an introduction

For almost 90 years we have offered our customers all over the world a wide-ranging product portfolio, the highest-possible quality and a first-class service. In particular, the high level of customer satisfaction ensures bott's continued growth.

Innovation has the highest priority at bott. With us you'll invest in a modern, long-term solution and therefore in lasting success.

Founded:	1930
Turnover:	245 million euros (2024)
No. of employees:	1500 (2024)

95 years

Experience makes the difference

As a long-term global partner, we supply consistently high-quality products, services and solutions that offer excellent value for money. The result is an exceptional customer experience. We deliver intelligent workplace and mobility solutions for tradespeople and companies who are targeting greater operational efficiency or simply a better use of space.

To this end, we combine our innovative, high-value products and services with new technologies to create integrated, market-leading solutions that are based on thorough knowledge of customer needs. In a fast-changing world, we must be agile and flexible. In a

dynamic environment, we are constantly learning, working together on an international level and coming up with new products. This enables our employees and other stakeholders to contribute to our joint success and to profit from it themselves.

Quality standards

Certified in accordance
with DIN EN ISO 9001

Products with the GS label for TÜV-tested
safety (German safety standard)

Certified

Certified quality

High stability, sturdiness and durability:

These are our main principles for production of bott products. When we deliver the best quality possible, we guarantee that your investment will be worthwhile. We always validate our production and logistics processes through internal and external guidelines, inspections and audits.

Our quality principles

- Certified in accordance with DIN EN ISO 9001
- Certified environmental management in accordance with ISO 14001
- Products have GS mark for TÜV-tested safety

Your idea - our planning

Uniform system dimensions

Experience-based solutions

Stability and durability

Individual planning, to suit your needs

cupio offers you numerous variations and possibilities of combining individual components. We plan your workshop equipment individually and to match your needs.

If you should require extensions for or adaptations to individual modules over time, this is no problem. Thanks to the modular design, the components can easily be modified or supplemented.

Different drawer dividing options ensure structure and order. Labels provide an overview on and in the drawers. Your tools and equipment are always to hand, neatly organised and easily accessible

bott Care Station

bott Care Station

- Disinfection station for mounting to the wall and other suitable elements
- For easy access to cleaning or disinfectant materials
- 1x perfo Care Station base plate (RAL 7035)
- 1x perfo paper roll holder with tear-off edge
- 1x perfo document holder DIN A4
- 1x perfo holder for single-use gloves
- 1x Scrubs box with holder
- 2x perfo rubbish bag holders without lid
- 2x perfo rubbish bag holders-support shelf

Dimensions W x D x H [mm]

735 x 340 x 1981

cubio

Precise functions

High load capacities

Modular system

The Workshop Equipment

We organise your storage space perfectly, allowing you to be fully prepared for efficient working. We take a detailed look at your individual needs and design your workshop equipment to suit your particular workflows.

With cubio drawer cabinets, workbenches and cupboards, we are offering you unique modular workshop equipment which can be configured exactly as you would like it. Maximum reliability, functionality and ease of use make cubio the ideal solution for all your different tasks.

The attractive and cohesive cubio design with its standard system dimensions gives your workshop equipment a uniform look, regardless of the wide variety of applications.

Range of services

Uniform system dimensions

- The same dimensions for all cubio product groups: Drawer cabinets, cupboards and workbenches
- For easy and flexible planning
- Allows for combinations with dimensional accuracy

The same system components

- Drawer bodies, shelves and sliding shelves are identical in all cubio product groups
- Cubio drawer organisation systems can be exchanged among cubio product groups

Colour scheme

The bott cubio colour options for the top, base and front consist of the four colours listed below. The housing is always coloured light-grey. All order references in the catalogue marked **. ** must be ordered with one of the colour codes listed.

When ordering, depending on your choice of colour, simply replace the marker **. ** by one of these colour codes, e.g. 40020011.11V for a product in gentian blue.

Some cubio drawer cabinets and cupboards with doors are available to order with light grey ESD conductive surfaces. Your bott representative will be more than happy to discuss ESD protection zones and ESD workstations with you.

3

Year warranty*

* bott grants the ultimate purchaser (end user), in addition to the statutory warranty claims, a 3-year product warranty according to bott warranty conditions. bott guarantees, for a period of 3 years from date of delivery, that the supplied products will be free from defects in terms of materials and workmanship. Warranty does not cover electronic components and modules.

The colour panels shown may not match the original colours for printing-related reasons.

Range of services

Workbench attachments

- For mounting on top of workbench
- Rear panel with perforated panels and louvred panels for provision of materials and tools
- Creation of ergonomic work places with the help of modular mounting frames for integration of multiple average accessories

Internal drawers and sliding shelves

- For individual kitting of cupboards
- All drawers and sliding shelves are supplied with full extension slides and 40 mm overextension
- Heavy duty slides with 200 kg load capacity
- Standard-duty drawer slides with 75 kg load capacity

Schubladen-Einzelsicherung

- for mobile cabinets with integrated individual drawer lock and handle

Continuous design and colour concept

- Consistent design thanks to its clear lines and modern colour scheme
- Uniform appearance throughout the entire operation
- Special colours and CI-certified paint available upon request

Range of services

Service ducts

- For customised combinations of switch and fuse modules, socket modules, compressed air and network modules in standard module widths
- Universal fixing kits for mounting on a worktop or to rear frames

Solutions for CNC Tools

- Safe and clear storage of valuable tools
- Tool inserts for attachments of all standard options
- Mobile systems for rapid provisioning

Same drawer divider options

- Identical organisation components for all drawers in the cubio product groups
- Versatile drawer division with trough blocks, dividers and cross dividers, small parts storage boxes and foam inlays
- Extensive labelling options

perfo

- Identical organisation components for all drawers in the cubio product groups
- Versatile drawer division with trough blocks, dividers and cross dividers, small parts storage boxes and foam inlays
- Extensive labelling options

Drawer cabinets

Drawer cabinets

Drawers

- All drawers supplied with full extension slides and 40 mm overextension
- Heavy duty slides with 200 kg load capacity
- Standard-duty drawer slides with 75 kg load capacity
- Ergonomic handle with access from above or below; mobile cabinets come with drawer trigger locks and a trolley handle
- Can be labelled using Microsoft® Word® document template.

Drawer dividers

- Suitable for use in all drawers in the cubio product range
- Adjustable metal dividers, plastic troughs and boxes, inlay mats and many other practical solutions
- Can be labelled using Microsoft® Word® document template.

Housing

- Load capacity up to 1.5 tonnes
- Intelligent drawer blocking mechanism prevents more than one drawer opening at once
- Mechanical cabinet lock with 5-pin interchangeable cylinder for optional locking system design

Accessories

- 4-sided raised lip with anti-slip mat
- Shelves
- Sliding shelf
- Basic plinths

Hinged door cupboards for cases

One system, one standard

- For use with the bott vario3 in-vehicle equipment as well as in the cubio workshop equipment. The cases, drawers and wire baskets can be stored safely and easily on the guide rails in the in-vehicle equipment and in the case hinged door cupboard. A glance at the cubio cupboard is sufficient to determine whether equipment has already been loaded into the service vehicle or is still in the workshop
- Empty cupboards can be subdivided to match individual requirements using comprehensive accessories.
 - Systainer³ + organizer system cases
 - varioCase service cases
 - varioSlide drawers
 - varioCart wire baskets

Typical applications

- For organised, secure storage of electric power tools, consumables and workshop tools.
- Can be used as a storage or magazine cabinet, (depending on the size). Suitable for cases of width M and L as well as varioSlide drawers and varioCart wire baskets of width 4 and 5.

Framework benches

Framework and storage workbenches

Framework benches

Rear panel systems

- Modular system frame with versatile avero accessories
- perfo rear panel for the provision of materials and tools

Hexagonal worktop

- Ideal for training workshops and schools
- Expandable with power and compressed air supply

Accessories

- perfo panels, perfo back walls
- Base storage trays
- Brush matting
- Worktop upstands

Components

- Modular system for layout of workbenches individually or in rows
- Load capacity up to max. 2.0 tonnes (all load specifications only valid with addition workbench legs screwed in place)
- Solid red beech or beech multiplex worktop, thickness 40 mm
- Height-adjustable and mobile workbench legs

Drawers

- All drawers supplied with full extension slides and 40 mm over extension
- Standard duty slide with 75 kg load capacity
- Heavy duty slide with 200 kg load capacity
- Ergonomic bow handle with access from above and below
- Shelves and sliding shelves for pedestal cabinets with hinged door

Framework benches

Workbench package with mounting frame and 2 swivel frames

- Framework bench 2000 x 750 mm
- Height adjustable legs
- Beech multiplex worktop
- Central mounting frame, width 900 mm, with: perfo perforated panel, shelf tray with 6x bottBox M3, overhead arm with LED strip light LB (30/40/50W)
- Side swivel frame with: 2x shelf trays with 4x bottBox M3, 2x perfo perforated panels
- Optional version with drawer cabinet

- For configurations with strip lights, a compatible GST-18 connection cable is also required

Collapsible lift and height adjuster for vice

- With gas strut supported height adjustment
- Easy adjustment using tilt-clamp lever
- Height adjustment range 155 mm
- 360° rotation possible
- Vice can be swung down under the worktop
- Colour: anthracite grey

For vice with jaw width [mm]	125
Order ref.	80613011.19V

Accessories for framework and storage benches

Bench vice lift

- With gas strut supported height adjustment
- Easy adjustment using tilt-clamp lever
- Height adjustment range: 240 mm
- 360° rotation possible
- Colour: anthracite grey

For vice with jaw width [mm]	100	120	135	150
Order ref.	80613008.19V	80613009.19V	80613009.19V	80613010.19V

Turntable for vice

- Forged steel turntable for vice
- Tilt-clamp lever for easy adjustment (360° rotation possible)
- With fixing kit
- Colour: anthracite grey

For vice with jaw width [mm]	100	120	135	150	175
Order ref.	80610005.19V	80610006.19V	80610007.19V	80610008.19V	80610009.19V

Accessories for framework and storage benches

Protective vice jaws for vice

- Robust plastic for holding sensitive surfaces carefully
- With magnetic strips inserted on the inside for secure hold on the vice jaw
- One outer side with horizontal and vertical V shaped grooves for holding round parts in place, other outer side smooth
- Delivery: in pairs
- Colour: yellow

For vice with jaw width [mm]	100	125	150
Order ref.	80602001.90V	80602002.90V	80602003.90V

Accessories for framework benches

Shelves made of steel and beech multiplex

- Storage shelves made of sheet steel and beech multiplex for bolting between workbench legs
- Thickness with sheet steel: 50 mm Thickness with oiled beech multiplex: 25 mm
- Designs with either full or half depth
- Colour: light grey (RAL 7035)/natural beech

For workbench width [mm]	1500	1500	1500
Dimensions W x D [mm]	1500 x 400	1500 x 750	1500 x 750
Material	Sheet steel	Sheet steel	Beech ply
Order ref.	41201049.16V	41201050.16V	41201044.08V

For workbench width [mm]	2000	2000	2000
Dimensions W x D [mm]	2000 x 650	2000 x 750	2000 x 750
Material	Sheet steel	Sheet steel	Beech ply
Order ref.	41201055.16V	41201056.16V	41201046.08V

Accessories for framework benches

Side shelf tray

- Suitable for side mounting on all cubio framework bench legs, e.g. as computer shelf
- Shelf surface W 290 x D 650 mm
- For a system depth of 750 mm
- Load capacity: 15 kg
- Colour: light grey (RAL 7035)

Version	Side shelf
Dimensions W x D x H [mm]	293 x 650 x 20
Order ref.	41010135.20V

Socket strip with carrier rail

- For side mounting on all cubio framework bench legs
- 3 Schuko sockets
- On/off switch
- Connection cable 5 m with Schuko plug
- For a system depth of 750 mm
- Colour: light grey (RAL 7035)

Version	Socket strip with carrier rail
Dimensions W x D x H [mm]	47 x 644 x 143
Order ref.	41010134.20V

Accessories for framework benches

perfo side panel

- For side mounting on all cubio system workbench bench legs
- For attaching all accessories from the perfo range
- Suitable for static and mobile workbenches
- For a system depth of 750 mm
- Colour: light grey (RAL 7035)

Version	perfo side panel
Dimensions W x D x H [mm]	21 x 644 x 143
Order ref.	41010133.20V

varioSlide individual drawer

- Plastic varioSlide drawer, pull-out/removable
- Metallic housing with plastic guide rails for bolting directly under the worktop for work benches without stringer sets
- When mounting on a work bench with stringer set one carrier rail is required
- Load capacity 20 kg
- Colour: anthracite grey (RAL 7016)

Version	Metal housing with varioSlide drawer	Metal housing with varioSlide drawer	for 750mm deep benches
Dimensions W x D x H [mm]	458 x 435 x 207	570 x 435 x 207	45 x 640 x 29
Order ref.	40032041.19	40032042.19	41010026.16V

	.11	.16	.24	.19		.20
Housing: RAL 7035 – light grey	Top, base and fronts: Details on page 15 RAL 5010 – gentian blue RAL 7035 – light grey RAL 3004 – crimson red RAL 7016 – anthracite grey				ESD version available RAL 7035 – light grey	

Accessories for framework benches

Retractable bottBox M4

- To be mounted below the worktop
- The bottBox can be used as a simple drawer
- bottBoxes protected from accidental removal
- The set consists of the adaptor plate and 1x bottBox M4
- Colour: anthracite grey (RAL 7016)

Version	Retractable bottBoxes M4
Dimensions W x D x H [mm]	130 x 398 x 165
Order ref.	40032024.19

Back panel

- For mounting on back
- Height: 662 mm
- Also suitable for workbenches in rows
- Colour: light grey (RAL 7035)

For workbenches with width [mm]	1500	2000
Order ref.	41010107.16V	41010108.16V

Accessories for framework benches

Workbench legs with incremental height adjustment

- Height-adjustable in increments of 25 mm
- Adjustment range 700 – 1100 mm
- With a fixing kit
- Colour: light grey (RAL 7035)

Version	Standard	Standard	With height adjustable foot (levelling range: ±10 mm)
Adjustment range leg [mm]	700-1100	700-1100	700-1000
Dimensions W x D [mm]	80 x 650	80 x 800	80 x 650
Order ref.	41401005.16V	41401006.16V	41401029.16V

Accessories for framework benches

Stringer sets

- Stringer set for constructing a frame by bolting between 2 workbench legs
- Improves worktop rigidity
- Increases load capacity
- 2 stringers above and 1 stringer below
- Colour: light grey (RAL 7035)

For width [mm]	1500	2000
Order ref.	41010020.16V	41010022.16V

Round support leg

- To be mounted below a worktop
- Including height adjustable foot
- Diameter: 80 mm
- Colour: light grey (RAL 7035)

Height [mm]	800	900
Order ref.	11401108.16V	11401109.16V

Beech multiplex

- Material: Solid beech
- Top side: oiled
- Underside: oiled
- Colour: Beech natural
- Data: Surface resistant to water, oils, acids and chemicals, highly abrasion-resistant and acid-resistant
- Joints spliced, thus high load capacity
- Fire protection class D-s2, d0 (previously: B2)

Width [mm]	1500	2000
Depth [mm]	750	750
Worktop thickness [mm]	40	40
Order ref.	41201033.08V	41201036.08V

Red beech

- Material: Solid beech
- Top side: oiled
- Underside: oiled
- Colour: Beech natural
- Data: Surface resistant to water, oils, acids and chemicals, highly abrasion-resistant and acid-resistant
- Joints spliced, thus high load capacity
- Fire protection class D-s2, d0 (previously: B2)

Width [mm]	1500	2000
Depth [mm]	750	750
Worktop thickness [mm]	40	40
Order ref.	41201033.07V	41201036.07V

	.11	.16	.24	.19		.20
Housing: RAL 7035 – light grey	Top, base and fronts: Details on page 15 RAL 5010 – gentian blue RAL 7035 – light grey RAL 3004 – crimson red RAL 7016 – anthracite grey				ESD version available RAL 7035 – light grey	

CNC - Storage systems

CNC cupboards and accessories

CNC - Storage systems

CNC system cabinets

- Safe, clean and clear storage of expensive tools
- For attaching internal drawers and slide-out carriers
- Internal drawers and slide-out carriers can be configured with tool carriers or tool inserts

CNC inserts and carriers

- CNC inserts can be fitted and removed without tools
- Carriers for use in CNC trolleys, CNC workbench stands, CNC cabinets

CNC drawer cabinets

- Safe, clean and clear storage of expensive tools
- For use with tool carriers and CNC insert trays

CNC trolleys

- Clear, mobile arrangement of tools
- 6 or 12 tool carriers can be attached

CNC storage systems

Drawer cabinet height 1000 mm - width 800 mm

■ Drawer cabinet incl. 3 CNC drawer frames height 125 mm

Depth [mm]	650
version	Heavy duty
Quantity of drawers	3
Front height [mm]	3x300
Order ref.	40020151.**V

CNC cupboards and accessories

CNC storage systems

CNC drawer frame

- For mounting in drawers and internal drawers
- For individual kitting with tool inserts
- The height of the drawer front depends on the highest stored tool
- The selection of 80 or 125 mm as the height of the drawer insert depends on the stored tool size and the length of the respective mounting shanks
- Colour: light grey (RAL 7035)

CNC storage systems

Cupboard with hinged doors - kitted

- With CNC sliding shelf for attaching tool inserts
- With CNC tool carrier sliding shelf with 4 removable CNC tool carriers for the attachment of tool inserts
- With 2 drawers incl. 2 CNC drawer frames, height 125 mm

Width [mm]	800
Depth [mm]	650
Height [mm]	2000
Order ref.	40020150.19V

CNC cupboards and accessories

CNC storage systems

Cupboard with hinged doors - empty

- for custom fitting: - CNC sliding shelf - CNC tool carriers - internal drawers

Width [mm]	800	800	800
Depth [mm]	650	650	650
Height [mm]	800	1000	2000
Order ref.	40020163.19V	40020085.19V	40020091.19V

CNC sliding shelf frame

- For individual kitting with tool inserts in four rows
- Insert pulled out forwards by means of a heavy duty slide
- Optimal accessibility of tools thanks to the slide and the inclined top surface
- Ergonomic removal thanks to inclined attachment
- Superior overview
- Easy ergonomic kitting when slide pulled out
- Optimised use of available storage space, no additional space required in cabinet to remove tools from above
- Suitable for cubio system cabinets with width 800 x depth 650 mm
- Load capacity: 200 kg
- Colour: light grey (RAL 7035)

Height [mm]	220
Module widths per row	24
Order ref.	40523004.16V

CNC storage systems

CNC tool carrier sliding shelf

- For attaching 4 tool carriers width 590 mm
- Insert pulled out forwards by means of a heavy duty slide
- Optimal accessibility of tools thanks to the slide and the inclined top surface
- Ergonomic removal thanks to inclined attachment
- Superior overview
- Easy ergonomic kitting when slide pulled out
- Optimised use of available storage space, no additional space required in cabinet to remove tools from above
- Suitable for installation in cubio system cabinets with width 800 x depth 650 mm
- Load bearing capacity: 200 kg
- Colour: light grey (RAL 7035)

Height [mm]	220
Module widths per row	20
Order ref.	40523003.16V

Internal drawers

- Drawer for customising an empty housing
- For system width 650 mm
- Standard duty slides 75 kg load capacity, full extension
- Heavy duty slides 200 kg load capacity, full extension
- Colour: light grey (RAL 7035)

Width [mm]	800	800	800	800
Depth [mm]	650	650	650	650
Order ref.	40522037.16M	40522039.16M	40522038.16M	40522040.16M

CNC storage systems

CNC table stands for tool inserts

- For attaching CNC tool inserts
- Top tray is lined with ribbed rubber mat
- Tool inserts are ordered separately.
- Colour: light grey (RAL 7035)

Dimensions W x D x H [mm]	599 x 448 x 375
Module widths per row	20
Order ref.	15001011.16

CNC table stands for tool carriers

- For attaching CNC tool carriers
- Top tray is lined with ribbed rubber mat
- CNC tool carriers and tool inserts are ordered separately.
- Colour: light grey (RAL 7035)

Dimensions W x D x H [mm]	600 x 450 x 375
For tool carriers	3x width 590 mm
Order ref.	15001003.16

CNC storage systems

CNC heavy duty trolley

- Tools carriers are inserted in the heavy duty trolley using the universal holder (tool carrier tilt can be set in 3 positions: 0°, 15° and 30°)
- 2 swivel & brake castors and 2 fixed castors
- For up to 12 tool carriers width 590 mm
- Expandable - add on shelves with ribbed rubber mats
- Dimensions: W 670 x D 600 x H 980 mm
- Tool inserts are ordered separately.
- Colour: light grey (RAL 7035)

Dimensions W x D x H [mm]	670 x 600 x 985	670 x 600 x 900	270 x 600 x 35	200 x 28 x 100
version	Empty	Fitted with 12 tool carriers	Shelf	Pair of universal holders for tool carrier

CNC transport trolley

- 2 swivel & brake castors and 2 fixed castors
- For up to 6 tool carriers width 590 mm
- Top tray is lined with ribbed rubber mat for placing 2 tool carriers width 590 mm
- Bracket tilt for tool carrier width 590 mm can be set in 3 positions: (0°, 15° and 30°)
- Dimensions: W 610 x D 650 x H 1020 mm
- Tool inserts are ordered separately.
- Colour: light grey (RAL 7035)

Dimensions W x D x H [mm]	650 x 710 x 1020	610 x 650 x 1020
version	Unloaded	Fitted with 6 tool carriers
Order ref.	10401030.16	10401053.16V

Tool inserts

- The tool insert can be fitted into and removed from the holder quickly and easily without tools or other means
- Material: ABS, black
- Used in:
 - CNC sliding shelf
 - CNC table stands
 - CNC tool carriers
 - CNC drawer frames

CNC storage systems

avero – The Workstation system

Process optimisation

Ergonomics

Modularity & flexibility

The smart solution

The avero workstation storage system for manual assembly is ideal for suppliers producing small parts for the automotive industry, mechanical engineering SME's and manufacturers of electronics. avero provides flexible solutions for innovative production processes that integrate with robotics and intra-logistics interfaces. Digital assistance systems help to boost efficiency and reduce errors.

Whether you're looking for a single workstation; such as a packing bench, a lean point information board or a full workstation storage system as an assembly line, the avero modules can be adapted to your requirements.

The avero workstations are suitable both for modular single workstation assembly as well as for manufacturing lines, connected via roller conveyors including matching docking trolleys. The assembly tables are height-adjustable with a choice of electric or mechanical with a crank. Manual workstations can be set up in your production line as perfectly ergonomic working areas using avero.

Range of services

Fully modular system

- Individual configuration and flexible workstation layout
- Material provisioning and workpiece transport solutions
- Integration of IT components
- Hidden horizontal and vertical cable routing
- Optimum tool and material provisioning
- Numerous retrofitting options
- Option of incorporating numerous perfom accessories
- Common locking system can also be used in conjunction with cubio workshop equipment
- Optional combination with aluminium profile systems

ESD Protection

- Basic, conductive surfaces and component connections at ESD workstations
- Manufactured and tested according to IEC 61340-5-1
- Comprehensive solution, including advice, planning, implementation, certification, training, testing and auditing.
- ESD complete solutions are possible for overall production thanks to the integration of cubio drawers and cupboards.

Year warranty*

* bott grants the ultimate purchaser (end user), in addition to the statutory warranty claims, a 3-year product warranty according to bott warranty conditions. bott guarantees, for a period of 3 years from date of delivery, that the supplied products will be free from defects in terms of materials and workmanship. Warranty does not cover electronic components and modules.

Workstation design

Team workstations

Workstation design

Joint workstations

- Compact workstations
- Short paths for documentation
- Shared working areas

Flexible yet systematic

- Well thought-out solutions, can be combined with all product areas
- Always suitable for later expansion
- Integration of the power supply
- Turntable for the worktop

Individuality

- Working areas according to individual requirements
- Tailor-made solutions
- Optimally matched to processes and employees

Ergonomics

- Material handling
- Prevention of postural damage to users
- Large selection of work seats
- Floor mats

Team workstations

Computer terminal

- Compact workstation for use in workshops, shipping, QA or production
- Large-volume base cabinet lockable hinged doors and height-adjustable shelf as well as installed 6-fold socket strip with on/off switch
- Recessed monitor attachment with hinged door and viewing window
- Suitable for monitors with up to 600 mm/23" screen size
- integrated keyboard drawer with wrist support and shelf trays which are retractable from the drawer on both sides, W 300 x D 210 mm, for a mouse or for documents
- Central lock for the drawer and the hinged door with viewing window
- Optional rear panel with active ventilation (230V) and filter element
- or passive ventilation via ventilation louvres

Workstation design

bottBox

The standard material box for assembly and logistics

bottBox

Transparent hinged lid

- Prevents content contamination and ensures security during mobile use

Transparent viewing window

- The handle box becomes a storage box with the maximum amount of usable storage thanks to an optional, transparent viewing window

Hopper function

- Viewing window may also be used to create a hopper, thereby creating ergonomical access at the front of the box whilst retaining the maximum usable volume at the rear of the box

Options

- Secure box content separation thanks to reliable divider fixation
- Option to insert business cardsized warehouse and Kanban cards on the rear

Label strip

- Different coloured label strips allow for optional colour coding

7 different sizes

- Wide array of applications thanks to 7 different sizes
- Flexibility thanks to intelligent system dimensions: 2 narrow boxes can be replaced by a wide box
- ESD versions are available

bottBox with viewing window

- Colour: anthracite grey (RAL 7016)
- Label clip
- Inspection window

Case Systems

Connected worlds of work

Perfect integration with bott
systems

Market standard

Systainer³ connects

With the practical and robust Systainer³ case system, you can efficiently organise and store your tools and equipment. The guide rails inside bott cubio cupboards securely store the Systainer³ cases, allowing them to be easily retrieved.

Systainer³ also integrates just as safely and practically with bott vario3 in-vehicle equipment, allowing you to conveniently carry all equipment from the workshop to the vehicle and from the vehicle to the work site.

The Systainer³ is a widespread industry standard. Fe-stool, Tanos and bott jointly developed this mobility concept in order to provide the perfect service case.

The cases are stackable and can be connected together. In addition, the contents of the Systainer³ can be identified easily with barcoded labels.

Case systems

Case Systems

One system, one standard

- A wide product range and a comprehensive choice of accessories allow optimal solutions to be created to suit any application.
- Simple integration into bott vario3 van racking and bott workshop equipment thanks to side mounts for guide rails.
- Orderly and clear storage of power tools, small parts and consumables enhances working efficiency.
- Maximum flexibility for on & off-site working.

- All size M cases are designed to suit the bott vario3 system width 478-4, size L cases suit the bott vario3 system width 590-5.
- Ideal in combination with the bott vario3 service case sliding shelf.
- Full-extension slides allow efficient and unrestricted access to the contents of the case without having to remove the case from the van racking.

Case systems

Systainer³

- Practical and sturdy system case for the secure and tidy storage and transport of small parts and consumables
- Multifunctional T-LOC: close, open, connect - with just one twist
- Optional labelling via 2 card slots on the front of the case - in standard bank card format
- Can be stacked and connected to all other Systainer products
- Load capacity (single case): 20 kg
- Load capacity (with 2 or more cases connected): 40 kg
- Material: ABS

Systainer³ Organizer

- Transparent lid allows contents to be seen thus minimising search times
- Multifunctional T-LOC: close, open, connect - with just one twist
- Optional labelling via 2 card slots on the front of the case - in standard bank card format
- Can be stacked and connected to many other Systainer products
- Load capacity: 20 kg

bott varioCase

- High-quality service case made from lightweight aluminium or robust sheet steel
- High levels of versatility due to comprehensive range of accessories
- Lid automatically locks when closed preventing accidental spills
- Load capacity: 20 kg

Range of services

Case Systems

perfo

Ordered workspace

Quick access to tools and
small parts

One system - the original

An orderly overview of tools and equipment

bott perfo is a flexible open storage for tools, small parts and consumables, allowing for easy and quick access.

The range incorporates, wall panels, in-cupboard systems, mobile trolleys and free-standing solutions. bott perfo also integrates perfectly with with cubio workbenches, to create individual workstations, there's something for everyone.

The durable powder-coated perfo panels provide sturdy and long-term protection, ideal for regular use and storing heavy items. bott perfo integrates with a wide range of accessories, hooks and tool holders, supporting LEAN and 5S initiatives.

Range of services

perfo

Use

- Wall mounting
- Workbench mounting
- perfo racks
